9th grade

IULIANA MOCĂNAȘU
10th grade

ANCA PENU
10th grade

ATANASIA MOGLAN
10th grade

ȘTEFAN POSTU | 5th grade

Ștefan is Claudia's brother. They practice together taekwondo and are very close. He has managed this semester to get very good results, and his general average is 9,33.

We can tell that our children's mental, physical and spiritual formation has truly began and we are certain that in the future they will not turn a blind eye to other people's needs. We are truly grateful for this opportunity!

Claudia and Ștefan's Parents

CLAUDIA POSTU | 7th grade

Claudia is the proof that hard work and perseverance bring the best results. Her general average from the first semester of the 8-th grade was 9,88, and she managed to get an average of 10 for almost all of the school subjects.

She adores her younger brother and always takes care of him. Claudia takes part to various extracurricular activities: she holds the runner-up title in the European Taekwon-do competition.

Everything that I have discovered at this school thanks to the scholarship offered by St. Parascheva Foundation gives us the hope that we will be able to make good use of what God gave us!

Claudia

STELIANA CĂLIN | 8th grade

Steliana's general average for this semester was 9,22.

She is now able to communicate better, to identify difficulties and ask for help when needed.

This scholarship has represented Steliana's opportunity to study in an environment where intellectual growth is combined with spiritual and intellectual development.

We are grateful for this opportunity!

Mihaela, Steliana's foster parent

ANA-GEORGIANA GROZAVU | 9th grade

She is very ambitious and self-confident. She loves Math and Biology. She comes from a single-parent family and she lives in a house of her relatives. Ana wants to be a doctor and help others.

She has very good results at school. Ana's general average for this semester was 9,44.

This scholarship has a good influence on me because it motivates me to study even harder. It is also a chance to be student of the "Varlaam" High School.

Ana

IULIANA MOCĂNAȘU | 10th grade

Iuliana finished successfully the first semester of the 10th grade with wonderful results due to her remarkable perseverance. Her general average was 9,52.

She is a girl with a wonderful evolution, starting to trust herself more given the remarkable results she has achieved.

This scholarship is important for us because it has offered our child the chance to attend the classes of “Varlaam Mitropolitul” High School, a place where students are encouraged to grow from a spiritual, emotional and mental point of view, where they meet people who are passionate about their job and where they are guided to grow their talents.

Iuliana and her parents

ANCA PENU | 10th grade

Ancuța managed to achieve wonderful results due to her effort, seriousness and mature spiritual life.

Ancuța has finished successfully the first semester of the 10th grade, with the general average 9,63.

This scholarship has given me the opportunity to be a student of this school, which made me love waking up in the morning and coming to school! But this is not all. Everything that this scholarship has provided me, such as a warm meal and a uniform, made me feel that I have to worry less about my financial situation! It has had such a meaningful influence and I appreciate a lot the fact that I was offered this chance.

Ancuța

ATANASIA MOGLAN | 10th grade

Atanasia was raised surrounded by orthodox values. She is thrilled by the activities developed by Varlaam School and loves her colleagues very much. She helps Steliana and Damiana study and improve their knowledge.

Atanasia's general average for this semester was 9,73.

To me, this scholarship has had a huge financial and academical impact. From a financial point of view, it has offered me the chance to attend various classes that otherwise would have been inaccessible. Furthermore, I may say that part of my worries is gone, knowing that somebody else apart from my family offers me their help and support. From an academical point of view, it has motivated me to achieve higher grades so that I won't disappoint my mother and the people who help me.

Atanasia

To me the impact is as great as I am sure it is to my daughter. It helps me a lot to know that every month someone covers a part of the expenses required for my child's education. Furthermore, I am glad that Atanasia has started to help other two younger girls with their studies. Another great impact was to see that Atanasia is involved in so many activities and that she has changed in a positive way. Thank you so much for everything that you do for us!

Atanasia's mother
